The Storms of Life

O Lord, whose ways are beyond understanding,
listen to the prayers of your faithful people:
that those weighed down by grief at the loss of a loved one
may find reassurance in your infinite goodness.
Through Christ our Lord.

The strongest tree in the forest
is not the one that is protected
from the wind and rain.

The strongest trees are the ones
that are exposed to the elements.
They develop deep roots and stout
trunks in order to survive.

In the same way, the struggles we face
and overcome in life make us stronger.
Reminding yourself of this fact can
help you weather the **storms of life**.
